

SCHOOLING

HOW TO BE ENROLLED IN FRANCE?

French Education System

- In France, public schools are free and education is compulsory for girls and boys from 3 to 16 years of age. A pupil can start school at 3 and carry on beyond the age of 16. Going to school is a legal right for French and foreign children living in France.
- School respects and teaches the values of the French Republic: all children are admitted and respected regardless of their origin, their nationality, their religion, their sex, their family status or any handicap they may have. Boys and girls study together and are treated equally.

Enrolment of your child in Pre-School and Primary School

- To enrol your child in a public school, the family must already be in the country and have an address in France. **Where you live determines where your children go to school.** Please be aware that the school syllabus is the same in every school and that public school registration fees are free
- To pre-enrol children in school, families have to submit the **originals of the following documents:**

1. Your child's birth certificate translated into French by a sworn translator
2. Your child's vaccination record
3. Proof of address dated less than 3 months
4. Your child's educational record (optional)
5. Your child's school insurance

- Some schools offer French courses for foreigners for your children.
- We can help you by planning an appointment with the school director few days after your arrival for the registration. Before your arrival, we will send to the director the above requested documents.

Enrolment of your child in a Middle School and High School

Enrolment in a **middle school or high school** is done through the académie d'Orléans-Tours (local education authority).

Information on the middle school or high school education of a child arriving from abroad can be found on :

Or on the website of the rectorat d'Orléans-Tours (local education authority)

https://www.ac-orleans-tours.fr/dsden37/elevés_et_familles/modalités_d'affectation/

Non-French-Speaking Pupil

All adults at school will help your child to learn French. In primary and middle schools, your child will be enrolled in an ordinary class and, depending on the school, will receive special lessons in French with newcomers from his/her class and from other classes, for a few hours a week.

Euraxess Service Centre - UT can guide you and check the availability of those courses.

You can also help your child to learn faster French language by involving him/her in sporting, cultural or social activities in your area.

Courteline, for instance, is an association in Tours City Centre which organises sport/art activities each wednesdays : <http://www.courteline.fr/>
